

Global OV 100 Series HIGH SPEED ECONOMICAL OVERLOCK MACHINES

OV 100

High speed overlock machines with fully automatic lubrication and external differential feed adjustment.

Máquina overlock de alta velocidad. Lubricación automática y arrastre diferencial.

Hochleistungs-Überwindlung Nähmaschinen mit vollautomatischer Schmierung und aussen liegender Differential Schnellverstellung.

Surjeteuse raseuse à grande vitesse, lubrification entièrement automatique et griffe différentielle à réglage externe.

TECHNICAL SPECIFICATIONS

MACHINE SPEED
max 5500 spm

FEED TYPE
differential feed

DIFFERENTIAL FEED RATIO
1:0.7 - 1:2

STITCH LENGTH
max 3,6 mm

PRESSER FOOT LIFT
max 5,5 mm

NEEDLE TYPE
DC x 27
