

爱玛特有的“全物料智能裁切系统”AMOM system (All Material One Machine system) 帮助制造商在保证生产数量和投资收益的前提下, 一机多用, 能同时兼顾多种物料的智能裁切, 所有机型均能智能互联实现智慧生产, 确保制造商可在大批量生产、小批量生产、订制化生产方式之间自由切换, 拥有不限批量、多品种、多批次、快速生产的敏捷生产方式, 以应对订单、材料、款式的快速变化。

AMOM system

All Material One Machine system
全物料智能裁切系统

EMMA's unique AMOM system (All Material One Machine system) helps manufacturers to make one machine multi-purpose on the premise of ensuring production quantity and investment income. It takes into account the cutting of multiple materials at the same time and ensures that manufacturers can freely switch between mass production, small batch production and customized production. It's extremely flexible to respond to the changes of orders, materials, and styles.

视觉识别智能裁切机 Visualized smart cutting machine

- 双投影显示
- 双头异步同时裁切
- 4组高清工业镜头
- 四种工作模式
- 多层裁切, 多层自动送料
- 产能显示, 联机操作
- 2 projectors
- 2 Cutting heads working independently
- 4 HD industrial camera lens
- 4 working modes
- Multi-layers smart cutting & auto transmission
- Production display, interconnected operation on multiple machines

欧标比国标增加:

- 一体式免安装设计
- 欧规CE认证电器件
- 欧规自润滑装置
- 上下移动光源
- 全新双鱼星刀座
- 滑动式控制台
- 内置储气罐

EU VS Chinese standard:

- Integrated structure
- CE certificated electronics
- European standard self-lubricating device
- Light source up and down adjustable
- New Pisces cutting head
- Rotatable console
- Built-in gas tank

机器尺寸_dimension ■(L) 4070mm x (W) 2470 mm x (H) 2240mm
 裁切面积_cutting area ■(L) 1560mm x (W) 660mm
 工作电压_voltage ■AC220V 60HZ | 380V 50HZ
 整机重量_weight ■2672KG
 总功率_total consumption ■10.5KW
