智能裁切机

Smart cutting machine

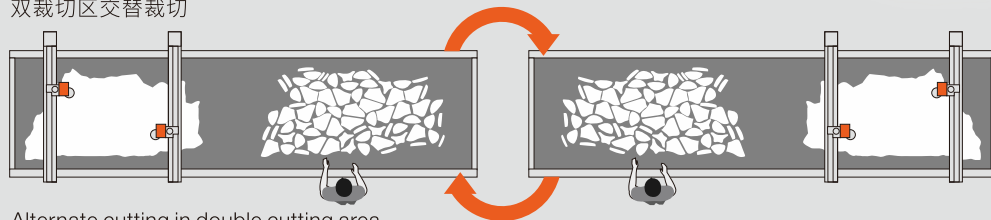

2023年最新推出的新一代（2020年升级第二代）集技术大成代表作，一体式机架双裁切区平台设计，性能可靠，产能高，机器使用率95%以上，时尚工业设计风格，是理想的真正自动化真皮量产裁切机型。

The latest generation of strong technical model launched in 2023 (The 2nd generation was launched in 2020), integrated rack and double cutting zone platform design, reliable and high productivity, more than 95% utilization, fashionable design, ideal machine for automatic leather mass production.

- 四投影显示
- 双头异步，同时裁切
- 标配2冲孔组件
- 真皮裁切，分区吸附
- 双区交替裁切
- 产能显示
- 联机操作
- 4 projectors
- 2 cutting heads working independently
- Standard configuration: 2 punching tools
- Leather cutting, vacuum in sections
- Two cutting zones working alternately
- Production display
- Interconnected operation on multiple machines

双裁切区交替裁切

Alternate cutting in double cutting area

机器尺寸_dimension ■ (L) 7900mm x (W) 3200 mm x (H) 2600mm
 裁切面积_cutting area ■ (L) 7000mm x (W) 1550mm
 工作电压_voltage ■ AC220V 60HZ | 380V 50HZ
 整机重量_weight ■ 3306KG
 使用功率_service power ■ 20KW
